IV. SPYING OPERATIONS:

A. VIOLET: This week, with the collaboration of French and Swiss frontier authorities, Capt. ROCHARD put VIOLET across the Swiss border. In Switzerland, VIOLET will proceed to contact RIVALE Card No. 425 for the purpose of re-establishing himself as an active agent; to discover the newest arrangements and latest developments in the espionage ring No. 425 heads; and to find out his intentions concerning future personal plans. VIOLET will then return to Paris and report to Capt. ROCHARD.

B. FLAHER: This week, through one of his sub-agents, FLAHER brought to the attention of SCI the activities of a CIS agent who operated under STO in the Midi. He is said to have been in charge of the penetration of Maquis groups, and is reported to have caused the arrest of hundreds of Frenchmen. This agent is now living under an assumed name, equipped with a false identity card, in a small hotel near Ville-Franche. SCI-Paris will direct his arrest.

In the meantime, FLAHER plans to set up a counter-espionage ring for SCI in a forthcoming visit to Alsace. Thru his own knowledge and the acquaintance of his sub-agents with German personalities, FLAHER will implicate agents the CIS left behind in Alsace.

C. PINOL: After indicating a German agent to SCI officers, while touring Nancy under surveillance in an American Army uniform, PINOL will be brought to Paris to attempt the identification of German agents in a similar manner in places formerly frequented by them and where, it is believed, they may possibly still be found.

D. LOTUS: This week the mistress of LOTUS was interrogated by an SCI officer. She provided further details concerning the activities of LOTUS during the German occupation, but denied that he had any intention of working as a German stay-behind agent.

E. OSTRICH: This week, OSTRICH was released from confinement at the PCIC and was placed in custody of SCI. Preliminary preparations and contacts are being made for putting into effect the special operation in which he will participate.

In the meantime, RICHARD & MARTIN was discovered to be in the hands of the Sûreté Nationale. ERIC was given instructions to contact MARTIN in Paris should he require aid upon arrival there.
